HOUSE OF REPRESENTATIVES
COMMITTEE TO INVESTIGATE THE ADMINISTRATION OF JUSTICE

March 16, 1973

CHAIRMAN SUGGESTIONS

- ① CALL MEETING TO ORDER
- ② INTRODUCE THE MEMBERS AND COUNSEL
- ③ Hearing is pursuant to Resolution No. 21
Read Resolution and place in record

- ④ Committee has met and adopted Rules or Procedure designed to provide decorum and protect rights of witnesses, etc.

Read and explain pertinent provisions.

Rules are available for witnesses or counsel.

General statement as to legislative inquisitorial function -

hopefully, quoting from Hussie memo as to statements from leading Supreme Court cases explaining separation of powers, breath of scope of legislative interest - including consideration of specific bills, remedial bills, reasons to reject suggested legislation, effectiveness of functioning of prior legislation, i.e., is the Executive Branch doing the job that the Legislature appropriated money to do, etc.

(see additional input from Hussie)

Specific purposes of this hearing (necessary because of decisions in contempt cases). (see additional input from Hussie)

- (a) Committee has virtual mandate from public to explore so-called King of Prussia wiretapping incident as to what happened.

To ascertain if investigative agencies and prosecutive authorities are effectively functioning; and if not, why?

Chairman Suggestions - 2

- (b) The use being made of funds made available to the State under the Federal Omnibus Crime Control Bill - known as Law Enforcement Assistance Funds - administered by State authorities.
- (c) Whether or not Attorneys General should be elected or appointed?
- (d) Is the Pennsylvania statute alluding to electronic surveillance realistic or should it be altered by legislative act?

Allude to general theory of investigative committee activity in that it is exploratory; has no preconceived notions; is not seeking to replace a grand jury; does not intentionally create defendants or "scapegoats"; and is not a trial. The rules of evidence do not apply. The purpose is truth-seeking.

- X The Committee and its staff solicits cooperation of all citizens who may feel that they possess information of interest as the Committee is in the learning stage.
- X Toward that end, Post Office Box 3900, Harrisburg, Pennsylvania 17105, has been established.
- X A direct line telephone to the Committee staff (787-7170 and 7171) for the information of the public and interested tappers.

It might be in order to point out that in appropriate cases, the Legislature would seem to have authority to grant immunity from prosecution to involved witnesses where that grant might exist in ascertainment of critical information, the disclosure of which might in the witness' view tend to incriminate.

February 7, 1974

The Honorable H. Joseph Hepford
Chairman, Committee to Investigate
the Administration of Justice
House of Representatives
Room 629, Main Capitol
Harrisburg, Pennsylvania

Dear Chairman Hepford:

You inquire in your letter of February 6, 1974, whether I, as Chairman of the Pennsylvania Crime Commission, could furnish your Committee with a roster and facts concerning certain businesses referred to in a report of the Commission dated July 2, 1970. That report describes and names persons and businesses with reference to matters going back from 1969 to the early 50's. It even refers to pardons granted to alleged Cosa Nostra members by Governors Earle, Fine and Duff. Many names are given in the report. It is a fair assumption that other names may not have been set forth because of the absence of provable facts.

During my tenure as Attorney General I do not recall a single complaint or request for an investigation as to infiltration into legitimate business by criminal syndicates. I do not deny that such infiltration may exist, but I see no real value in the rehashing of the old matters referred to in the 1970 report. The 1971-72 report of the Commission dealt with only one situation in its discussion of criminal infiltration, i. e., a detailed story about the City Bank matter in Philadelphia.

There ought to be concern on your part and on my part in not releasing information which was a problem in the past and has not been shown to have any direct or indirect tie to a matter of present concern. There is always the problem of not violating the rights of innocent persons who unknowingly become associates in business with persons alleged to be part of organized crime.

The Honorable H. Joseph Hepford
Page Two
February 7, 1974

As Chairman of the Pennsylvania Crime Commission I have no authority to release confidential matters, even though referred to in a report of the Commission. Disclosure can be authorized by a vote of the Commission. If you disagree with my personal view as to the disclosure of these very old matters and your Committee still wants disclosure made, please let me know and I shall take the matter up at the next meeting of the Commission.

Sincerely yours,

Hearing - March 29, 1974
Opening Statement

As this is the Committee's first appearance in Philadelphia and we have found a rather surprising lack of understanding of our Committee's work and functions—although everyone has heard of you and the Committee—it would be suggested that in your opening statement you spend a little time going all the way back to HR 21 and possibly review some of the activities to date, such as:

1. Mention the Progress Report and perhaps some of its recommendations;
2. HB 1958 to implement the Pennsylvania Crime Commission recommendation;
3. \$9 million State Police "slush fund" and its follow-up of police related organizations' fund raising activities, particularly through professional solicitors;
4. The Anti-Solicitation Bill you have prepared;
5. You might even mention Barger's recent testimony about negotiations that we understand will open up the field for State Police to moonlight and that, together with our understanding of business community-police questionable dealings that will be explored in the hearing, may result in the new bill you are preparing outlawing payments by people and entities and receipt of things of value by police for law enforcement related services. These would be guard service and escort service.

FOR IMMEDIATE RELEASE

Chairman H. Joseph Hepford announced that the Committee to Investigate the Administration of Justice will hold a hearing in Philadelphia, Pennsylvania, on Friday, March 29, 1974, at 10:00 a.m., in the Governor's Conference Room, State Office Building, 1400 Spring Garden Street.

It is expected that testimony will be received relative to the practice of Philadelphia police receiving payments and gratuities from the business community for police service as disclosed in the recent Pennsylvania Crime Commission report. This is in relation to legislative recommendations and reforms being considered.

Additionally, the solicitation procedures of police related organizations, through which funds are collected from the public and business community, will be explored.
