Don't know extent of professional fund raisers in connection with above.

If contributed in past and a relatively small amount, would include in subsequent years' budgets and contribute again. No idea how money spent.

HOUSE OF REPRESENTATIVES

COMMONWEALTH OF PENNSYLVANIA

HARRISBURG

March 26, 1974

The Honorable H. Joseph Hepford
Chairman

Hearing - March 29, 1974
Opening Statement

As this is the Committee's first appearance in Philadelphia and we have found a rather surprising lack of understanding of our Committee's work and functions —although everyone has heard of you and the Committee—it would be suggested that in your opening statement you spend a little time going all the way back to HR 21 and possibly review some of the activities to date, such as:

1. Mention the Progress Report and perhaps some of its recommendations;
2. HB 1958 to implement the Pennsylvania Crime Commission recommendation;
3. \$9 million State Police "slush fund" and its follow-up of police related organizations' fund raising activities, particularly through professional solicitors;
4. The Anti-Solicitation Bill you have prepared;
5. You might even mention Barger's recent testimony about negotiations that we understand will open up the field for State Police to moonlight and that, together with our understanding of business community-police questionable dealings that will be explored in the hearing, may result in the new bill you are preparing outlawing payments by people and entities and receipt of things of value by police for law enforcement related services. These would be guard service and escort service.
