MEMORANDUM

James R. Malley
May 22, 1973

File: Lt. ANGELO J. CARCACI
cc: King of Prussia
Wiretapping

On May 21, 1973, an effort was made to locate Lt. Carcaci at his residence, 44 Christopher Drive, Holland, Pennsylvania 18966 (Bucks County).

Mrs. Carcaci advised that her husband was not at home. In response to her question, she was advised of Malley's connection with the legislative committee. Mrs. Carcaci advised that under no circumstances would she furnish information concerning her husband's whereabouts or would she indicate when he would be home. She further stated that she would not permit him to talk to Malley or anyone else in connection with any law enforcement matter.

She claimed that every time he had such a discussion, he is very upset for the next week or more and that he physically could not stand to be interviewed. She also advised that his doctor had instructed him not to participate in any such interviews and had told Mrs. Carcaci to see to it that he did not engage in any such interviews.

Mrs. Carcaci was advised that on a previous occasion when Lt. Carcaci was in St. Joseph's Hospital in Philadelphia, Malley had talked with him on the phone, at which time he indicated he desired to be interviewed, providing his doctor would permit the same. She was advised that Dr. DiGillio at that time did not want him interviewed and, for that reason, Malley had refrained from further contact with him until May 21.

She stated that her husband's physical condition was a source of great concern to her and that it was making a physical wreck out of her.

At Mrs. Carcaci's request, Malley left his name and the name of the Committee he is associated with, and the telephone number.

Lt. Angelo Carcaci called Lt. Col. Dussia about a week-ago and stated he was on vacation now, his sick leave was over and he was due back to work on July 31st.

I asked Lt. Carcaci to meet with me and Mr. Hepford to discuss the wire-tapping he had done with Barger and Titler. He refused and stated that he had been a prisoner in his own home since some time in January for the purpose of evading this House Committee on the advice of his attorney. He said he'd been told that they were only going to be meeting until the end of July and he'd not have to testify.

Lt. Carcaci refused to meet with me and discuss the association with Barger and Titler.

I talked with Col. Urella on the phone and Colonel Urella told me that Lt. Luchansky's attorney had given Mr. Hepford's committee the data that Carcaci had about his and Barger's and Titler's association with him.

I had called Col. Urella to see if he could give me some information about Carcaci's wire tapping and he said the Committee already has that information.

Lt. Carcaci told me that he didn't want to go before the Committee because the world tear him apart.

(For your information Lt. Carcaci is very weak and if Mr. Rice really lashes into him he will tell everything he knows. I recall when they questioned him during the House Investigation during the Purdy Administration).
