Probation and Parole Award

The Governor's Justice Commission on June 4, 1973 made an award to the Pennsylvania Board of Probation and Parole under Grant DS-373-73A. This award was for \$2,223,803 for the period April 1973 until June 30, 1974. On January 17, 1974, it was extended to June 30, 1975 because all county applications had not been promptly received.

The Pennsylvania Probation and Parole Act provides for State grants through the Board to counties for "improved probation supervision and program." Federal augmentation of said program will combine the Board and LEAA grant programs to be administered by the Board in cooperation with the Governor's Justice Commission.

A quarterly report, dated April 11, 1974, from the Board of Probation and Parole indicated the following awards had been made or were pending as of that date:

1.	Philadelphia	\$1,701,151
2.	Allegheny	276,000
3.	Beaver	10,000
