Representative Patrick A. Gleason
Chairman of the Select Committee on State Contract Practices
Main Capitol Building
Harrisburg, Pennsylvania

Dear Sir:

On September 10, 1974, I received a subpoena to appear before your committee at the Main Capitol Building, Harrisburg, Pennsylvania, on Friday, September 13, 1974.

The investigation deals with all contributions by me, to any political party, candidate, committee or other political organization from January 1, 1966 to the present. Also all monies or consideration received by me pursuant to any contract with the Pennsylvania Department of Transportation, or it's predecessor agencies or departments, for the same period.

I hereby state that I have made no contributions to any political party, candidate, committee or other political organization from January 1, 1966 to the present.

I also state that I have received no monies or other revenues or consideration pursuant to any contract with the Pennsylvania Department of Transportation or it's predecessor agencies or department for the period January 1, 1966 to the present.

Since it would be impossible to keep our plant in operation if my son, Ronald Arnold and I are away at the same time, I am requesting that I be excused from this investigation, since I have no further information.

Sincerely,

Russell Arnold
