HOUSE OF REPRESENTATIVES
HARRISBURG, PA.

November 9, 1962

Mr. John B. McCue
R. D. 7
Kittanning, Pennsylvania

Dear Jack:

I am sure you are happy with our victory. It was worth all the cold dinners at home, the whirl of rallies and the hundreds of hand shakes to once again be re-elected, or elected for the first time as the case may be, as a member of the House of Representatives, and have this great opportunity to serve the people of our Commonwealth.

To the "oldsters" this letter probably comes as no surprise as I am sure without even reading the contents, but merely by looking at the signature, you will know that "Stu" Helm once again aspires to be the Speaker of the House for the 1963-1964 Sessions. To the newly elected members, I would like to tell you that I served in this capacity during the 1957-1958 Session; and to all of you I would like to add that these were the happiest years of my legislative career - yea of my entire life. I would like to think that I can run for this position based on my past performance and reputation.

I am looking forward to renewing old acquaintances and becoming better acquainted with the newly elected members when we have an opportunity to visit at our caucus late in November. I will appreciate your support at this meeting.

With all good wishes, I am

Sincerely,

W. Stuart Helm
