GOOD OF THE COMMITTEE

Chairman Kester suggested to the Committee for consideration the possibility of inviting a person designated by the Liquor Control Board to sit in at Committee Meetings in order to advise and appraise questions which may arise concerning the Liquor Control Board's position relative to legislation before the Committee and other matters pertaining to the liquor laws or the Board's rules and regulations of Pennsylvania. The Committee advised the Chairman that they saw no objections to such a proposal and advised the Chairman to proceed in this area.

Representative Worrilow then brought to the Committee's attention a recommendation that the Secretary should note, for the record, persons other than Committee Members or members of the press who attend these open Committee Meetings. The Secretary noted, for the record, that there were no non-committee members nor any persons from the press in attendance at this meeting.

Representative Hopkins brought to the attention of the Committee a situation regarding the listing of Pennsylvania wines by the Liquor Control Board. Representative Hopkins feels that, from information that he has received regarding a situation in Erie County, that one of the wineries reportedly is trying to receive from the Liquor Control Board additional listings for their wines in Pennsylvania. He informed the Committee that his information seems to indicate that the Liquor Control Board is not looking very favorably upon such additional listings and it is his opinion that such Pennsylvania products should be given some preference in these type of situations. It was the opinion of the Committee that Representative Hopkins follow this matter closely and keep the Committee informed as to its progress.

CALL OF MEETING

Pursuant to the call of the Chairman of the Committee, Representative Stanley R. Kester, a meeting of the Liquor Control Committee was held at 3:40 P. M. on Wednesday, February 21st in Room 149a, in the Main Capitol Building, Harrisburg, Pennsylvania.

The following number of members of the Committee were present: 13.
The following number of members were excused from attendance: 2.
The following number of members of the Committee were absent: 6.

APPROVAL OF PRIOR MINUTES

It was moved by Representative Dininni, seconded by Representative Pievsky that the minutes of February 6th be dispensed with until the next regular meeting of the Committee.

CONSIDERATION OF BILLS OR RESOLUTIONS

The Chair called up for consideration Senate Bill Number 102, Printer's Number 331. The Chair informed the Committee that Senate Bill Number 102 had this date (February 21st) passed the Senate of Pennsylvania and this date (February 21st) been referred to the Committee on Liquor Control in the House. Senate Bill Number 102 deals with an amendment to the Liquor Code which would provide that in any Special Election for a vacancy in the General Assembly of Pennsylvania, or in the Congress of the United States that the liquor licensees would be permitted to make sales as though it were not a Special Election Day.

Chairman Kester informed the Committee that the Liquor Control Board had notified him this date (February 21st) that another amendment should be put into Senate Bill Number 102 because the current Code calls for the Commonwealth State Stores to be closed on such Special Election Days. Chairman Kester informed the Committee that he had such amendment in his possession which would provide that the Commonwealth State Stores be permitted to remain open on such Special Election Days the same as the licensees.

It was moved by Representative McGinnis, seconded by Representative Hopkins that the Chairman report Senate Bill Number 102 to the House with the amendment. On a roll call vote the bill was reported from Committee by a vote of thirteen (13) Yeas / Zero (0) Nays / and / Zero (0) Non Vote.

Chairman Kester then brought to the Committee's attention for consideration, House Bill Number 234, Printer's Number 261, which extends from 2 A.M. to 3 A.M. the permissible time for the sale of alcoholic beverages by hotel, restaurant, airport and municipal golf course liquor licensees, and for the sale of brewed and malt beverages by hotels, eating places holding retail dispenser licenses, any by public service licensees.

The bill further provides that where the same of food and non-alcoholic beverages are at least 40% of the combined gross sales of both alcoholic and non-alcoholic items, the permissible hours of sale by said licensees are extended on Sunday from 10:00 P.M. to 4 A.M. and on other days from 2 A.M. to 4 A.M.

Discussion then centered on the bill, and since Representative Volpe is a sponsor of the bill, Chairman Kester asked for his comments. Representative McGinnis asked if this applied to private clubs, and if this bill should not be amended to include private clubs in the extension of hours opened until 4 A.M. After further discussion, it was decided that the bill would be amended to include private clubs into the extension of hours open. Chairman Kester asked for a roll call vote on amending the bill. On a roll call vote there were fifteen (15) Yeas/two (2) Nays/ and / two (2) Non Votes, the bill was amended.

CALL OF MEETING

Upon the call of the Chairman of the Committee, Representative Stanley R. Kester, a meeting of the Liquor Control Committee was held at 10:00 A. M. on Tuesday, July 10, 1973 in Room 115A in the Main Capitol Building, Harrisburg, Pennsylvania.

The following number of members of the Committee were present: 16.
The following number of members were excused from attendance: 5.
The following number of members of the Committee were absent: 1.

APPROVAL OF PRIOR MINUTES

Representative Dininni made a motion that the minutes of the meeting of June 4, 1973 be approved as typed. Motion seconded by Representative Noye and carried by a voice vote.

CONSIDERATION OF BILLS OR RESOLUTIONS

The Chairman called up for consideration by the Committee, House Bill Number 1200, Printer's Number 1479. House Bill #1200 amends "Liquor Code" as it pertains to the fixing of sale prices at which liquors and alcohol shall be sold at Pennsylvania liquor stores. Amendment would allow--in the case of sale price fixing, any preference or discrimination as to liquor classes, brands, etc., as long as said actions were in compliance with any Federal action freezing or otherwise controlling the price of said liquor classes, brands, etc. Current law allows price preference and discrimination only in the cases of: special sales that are deemed necessary to move unsaleable merchandise and in the cases where an additional service or handling charge has to be added to the fixed sales price of any merchandise in the same comparable price bracket.

Chairman Kester called upon Charles Zaines, Consultant to the Committee to discuss how House Bill #1200 came into being. Mr. Zaines indicated that because of the present price freeze, many cases of merchandise were in storage in State Liquor Control Board warehouses, and could not be moved. Remarks were made by several of the Committee members with regard to this bill. Representative Caputo then offered an amendment to the bill which he discussed before the Committee. Mr. Caputo asked the Chair to recognize Richard Werner, Comptroller of the Pennsylvania Liquor Control Board, to discuss in detail why such an amendment should be considered to the bill which would give the Board broader powers relative to markups. Mr. Werner distributed charts and copies of the amendment to each member present at the meeting. Remarks then ensued by several members of the Committee with regard to the unfeasibility of the amendment.

It was brought out, at this time, that this amendment could not go into effect until after the price freeze, and the bill was initially intended for use as a temporary measure during the current price freeze. Mr. Caputo said that under these circumstances he would withdraw the amendment since it cannot go into effect until after the freeze. Mr. Caputo indicated, however, that he would like to go on record as favoring lifting of restrictions of the Board on pricing. Chairman Kester indicated that the Committee would look into this matter in the near future.

After some additional discussion on the bill, it was moved by Representative Fenrich, seconded by Representative Caputo that the Chairman report House Bill Number 1200, to the floor of the House as committed. On a roll call vote the bill was reported from Committee by a vote of sixteen (16) Yeas/Zero (0) Nays/and/Zero (0) Non Votes.

Chairman Kester then brought before the Committee for consideration, House Bill #1359, Printer's Number 1711, which restricts the licensees only from employing those minors under sixteen years of age. Those between sixteen and twenty-one may have no contact whatever with the ordering, service, handling, or call of liquor or malt or brewed beverages. Current law prohibits any hotel, restaurant or club liquor licensee from employing any minor to render any service whatever. This means persons under 21 years of age. Chairman Kester then commented on House Bill 1407, P.N.1781, which is now on the House Calendar relative to amending the Child Labor Laws. It was his thought that both bills should move through the House at the same time in order to avoid an amendment to the Liquor Code. Representative Sullivan then asked to offer an amendment on the bill which would correct the language on Clause 13, Section 493, Page 2 lines 11 through 14 eliminating words from "Minors to beverages" and replacing them with the words: PROVIDED, THAT MINORS FROM THE AGE SIXTEEN MAY BE EMPLOYED ON LICENSED PREMISES AS FOOD WAITRESSES OR WAITERS AND BUSBOYS AND BUSGIRLS. Representative Dininni made the motion that we vote on Representative Sullivan's amendment which was seconded by Representative Hasay. On a roll call vote of twelve (12) yeas/Zero(0) Nays and Zero (0) Non Votes the motion carried.

Chairman Kester then gave a brief description of each of the bills as follows:

House Bill #1760, Printer's No.2316 amends "Liquor Code" to make it unlawful for any member or employe of the Board, other employe of Commonwealth, or anyone on behalf of such member or employe to accept or receive payments, offers or gifts.

House Bill #1761, Printer's No.2317, amends "Act imposing an emergency state tax on liquor" as to eliminate said act at the rate of 3% semi-annually until desolved.

House Bill #1762, Printer's No.2318, which amends "Liquor Code" by adding a section authorizing: (1) 5% surcharge to be paid to Board on all licenses issued. (2) Monies derived from surcharge deposited in a separate fund known as the Quota Excess Fund. Board is authorized to expend said funds for the purpose of purchasing and retiring existing retail licenses as exceed limitations stated in Section 641.

House Bill #1763, Printers No.2319, would permit Licensees to sell liquor and wine by the bottle for consumption off the premises only during those hours when state stores are closed.

House Bill #1764, Printer's No.2320, would amend "Liquor Code" as to stipulate that: The Board or its hearing examiners shall have the power, with sufficient cause, to revoke or suspend individual licensees and issue fines for violation. (Current law limits

this power to the Board and not examiners.) Also allows procedures of appeal to the Board, Court of Quarter Session, and the Commonwealth Court.

House Bill #1765, Printer's No.2321, amends "Liquor Code" by adding a section to authorize: Liquor Board to establish and provide a system for the delivery from State stores of liquor, etc. to licensees and volume buyers.

House Bill #1767, Printer's No. 2323 amends "Liquor Code" as to change operating hours for liquor licensees.: Hotel, restaurant, airport restaurant and municipal golf course restaurant liquor licensees, or public service liquor licensees may sell alcoholic beverages between 7 a.m. and 4 a.m. Current law states 2 a.m. closing. They may not sell alcoholic beverages after 4 a.m. on any day in which a general, municipal, special or primary election is being held. House Bill #1768, Printer's No. 2324, would amend "Liquor Code" to authorize the Board to accept checks or credit cards for liquor sold either wholesale or retail. Prior law states "cash" but Board may accept checks for liquor sold at wholesale prices.

Chairman Kester then passed the bills among the Committee members for their signatures on those bills which they wished to sponsor.

NEW BUSINESS

Chairman Kester then brought to the attention of the Committee members the new package of legislation which was to be introduced into the House of Representatives on this date. The Chairman discussed this legislation in explaining how it came into being.

The Chairman mentioned to the Committee members that much of this legislation was developed as a result of the hearings held by the Committee last year and the early part of this year.

The first piece of legislation brought up for discussion was that of amending the "Liquor Code" as to stipulate that retail

liquor licensees may sell liquor and malt or brewed beverages on election days.

The next was to eliminate food sales as a prerequisite to Sunday sales of liquor and malt or brewed beverages by hotel and restaurant licensees, airport restaurant licensees, etc.

The next piece of legislation discussed amending "act authorizing transfers of sums of money from General Fund to State Stores Fund" as to stipulate that said transfers shall not exceed the sum equivalent to 12% of the gross sales in dollars by Pennsylvania State Liquor Stores in the preceding fiscal year. Current law sets transfer amount not to exceed \$30,000,000.

The next piece of legislation brought to the Committee's attention was that which would eliminate: (1) Surety bonds in the application of arena or stadium permits; (2) Bonds in the application for importing distributors and retail dispenser's licenses; (3) Bonds required in the transfer of liquor licenses; (4) Bonds pertaining to the application for importer's license, hotel, restaurant and club liquor licenses, sacramental wine licenses, or malt and brewed manufacturer's distributors and importing distributors licenses. Prior law required a bond to be filed with a license fee in application for a license.

The next piece of legislation amended GENERAL POWERS OF BOARD section of "Liquor Code" to stipulate that the Board has the power and duty to set wholesale and retail sales prices for liquor and alcohol, provided that: (1) in fixing sales prices the mark-up applied by the Board may vary according to the class and type of liquor and alcohol, or the size of the container, as long as classes and types of alcohol and liquor and their designated containers are in conformity with Federal laws and regulations. (2) The Board shall not give any preference or make any discrimination within any particular class, type or size - except where: (a) minimum sales price is deemed necessary for a particular class, size, type (b) special sales are needed to move unsalable merchandise.

Next piece of legislation discussed was that of amending "Liquor Code" as to stipulate that the failure of any member or employe of the Liquor Board to report any offer of commission, gift, etc., from individuals who are licensees of the Board or who have commercial dealings with the Commonwealth shall be cause for dismissal.

The next piece of legislation was that which would amend "Liquor Code" as to stipulate that beginning in the year 1974, and each year thereafter, the Board shall be authorized to establish as many additional "Pennsylvania Liquor Stores" as the Board deems necessary.

At this point, Chairman Kester advised the Committee members that there were four additional bills in this package which were developed through hearings involving the Thrifty operation and

geographic areas of operations throughout the state.

First discussed was a five point bill which would provide for: (1) Each out-of-state manufacturer of malt or brewed beverages whose products are sold in Pennsylvania shall give distributing rights in designated geographical areas to specific distributors such primary distributors shall not sell said products to licensed individuals who are not located within the geographical area for which he has been given distributing rights. (2) Nor shall any importing distributor who subsequently purchases said malt or brewed beverages, whether or not said purchase was made from the primary importing distributors, sell or deliver malt or brewed beverages to any person licensed under this act whose premises are not located within the geographic area for which the primary importing distributor has been given rights by the manufacturer. (3) Primary importing distributor holding rights for said product shall not deliver said rights to another distributor without entering into a written agreement with the subsequent importing distributor. (4) Said sections pertaining to out-of-state manufacturers and distribution rights and designated geographic areas shall also apply to each Pennsylvania distributor. (5) Board shall invalidate any agreements upon its determination that said agreements constitute an infringement upon the distributing rights of other primary distributors.

The next piece of legislation brought to the Committee's attention by the Chairman would amend "Liquor Code" as to stipulate that: (1) All distributing rights, pertaining to malt and brewed beverage manufacturers, distributors, and importing distributors shall be in writing. (2) Said rights shall be equitable in their provisions. (3) Agreements between manufacturers and distributors shall contain a provision stating the rights and obligations of manufacturers, distributors and importing distributors. (4) Each franchise shall be contiguous.

Court of Common Pleas of County where licensed premises of distributor or importing distributor are located is vested with jurisdiction in areas of modification cancellation, etc. of agreements between manufacturers and distributors.

It shall be unlawful: (1) for any manufacturer to coerce or attempt to coerce persons licensed to distribute malt or brewed beverages into contracts or agreements. (2) for any manufacturer to modify, cancel, etc. any distributing rights agreement without just cause and after 90 days notice is given. (3) for any manufacturer to interfere with or prevent a distributor from selling or transferring his license or business.

The next piece of legislation amends "Liquor Code" as to stipulate that no manufacturer shall sell any malt or brewed beverages to any distributor at a laid-in price which is more than, or less than, the lowest price at which he has sold such beverages to any other distributor.

In the case of alteration of statewide price - three months notice must be given to the Board and customers. "Laid-in" price

shall mean the total price paid by the distributor, including costs of delivery.

The last piece of legislation brought up by the Chairman had to do with computing the retail price for special orders for liquor or alcohol, the Board shall not include the cost of freight or shipping before applying the mark-up and taxes, but shall add it after the addition of mark-up and taxes.

The Chairman then brought to the Committee for consideration, House Bill No. 1761, Printer's No. 2317, which would amend "act imposing an emergency state tax on liquor" as to eliminate said act in the following manner: (a) July 1, 1974 - December 31, 1974 tax imposed by this act shall be 15%. (b) January 1, 1975 - June 30, 1975 tax shall be 12%. (c) July 1, 1975 - June 30, 1976 tax shall be 6%. (d) No tax shall be added after July 1, 1976. Current law provides for an 18% tax on net price of all liquors sold by the Board.

It was felt by many members of the committee that with the elimination of the 18% emergency tax there would be an increase in the sales of alcoholic beverages within the state. However, the point was made that this would not mean there would be increased consumption, but more sales within the state and elimination of some of the out-of-state purchases now being made.

Representative Sullivan made a motion that the bill be reported from the Committee to the Floor as committed, which was seconded by Representative Volpe. On a roll call vote of fifteen (15) Yeas/ Zero (0) Nays/ and Zero (0) Non Votes, the bill was reported to the floor as committed.

CONSIDERATION OF BILLS OR RESOLUTIONS

The Chair called up for consideration House Bill No.2060, Printer's No.2760. House Bill 2060 amends GENERAL POWERS OF BOARD section of the "Liquor Code" as to stipulate that the Board has the power and duty to set wholesale and retail sales prices for liquor and alcohol, provided that: (1) in fixing sales prices the mark-up applied by the Board may vary according to the class and type of liquor and alcohol or the size of container as long as classes and types of alcohol and liquor and their designated containers are in conformity with Federal laws and regulations. (2) the Board shall not give any preference or make any discrimination within any particular class, type or size - except where: (a) a minimum sale price is deemed necessary for a particular class, size, type and (b) special sales are needed to move unsalable merchandise.

Chairman Kester called upon Richard Childs, Director of Purchasing, from the Penna. Liquor Control Board to give a brief history and outline of pricing structure of the Board. Mr. Childs said when the Board was first started in 1934 they had a number of mark-ups for different classes of merchandise. However, within the past 10 to 12 years this has changed, and the Attorney General ruled that the Board could not use two or more mark-ups, only the one mark-up of 48%, which puts the Board in a position that no other business has to deal with. There are economic reasons for the various mark-ups on different products. Discussions then following on reasons for Board wishing to have this legislation introduced and how it would affect the consumer, as far as increase in prices. Mr. Childs indicated that he didn't feel prices would be raised that noticeably, however, if the 18% tax were eliminated, the prices of wines would be ridiculously low.

Representative Caputo said he felt the Board should take a stand on this thing, if the lower price items are losing money. Chairman Kester said that the Chairman of the Board stated they needed this legislation at one of our hearings. A discussion then followed on handling these increased costs. Representative McGinnis then made the motion, which was seconded by Representative Cessar that the bill be reported from the Committee as committed. (13) Yeas/ zero (0) Nays/ and /zero (0) Non Votes.

The Chair then brought up for discussion and consideration, House Bill No.1764, Printer's No.2320, which amends the "Liquor Code" as to stipulate that: (1) The Board or its hearing examiners shall have the power, with sufficient cause, to revoke or suspend individual licensees and issue fines for violations. (2) Persons with revoked or suspended licenses or fines (issued by examiners) may appeal to the Liquor Board. (3) Individual whose suspension and fine are upheld by the Board may appeal to the Court of Quarter Session, County Court, etc. (4) In case of revoked or suspended permit the aggrieved person shall have the right to appeal to the Commonwealth Court.

Representative Caputo made some remarks relative to the hearing examiners and how they were presently handling cases. Some discussion then followed on the qualifications and work loads of the hearing examiners and Board members. Mr. Childs then offered some comments with regard to hearing examiners handling the cases. Representative Worrilow made the motion that the bill be reported from Committee as committed, which was seconded by Representative McGinnis. Current law sets transfer amount not to exceed \$30,000,000.

Mr. Richard Childs then made some remarks on how the cost of operation has risen, and why the Board would like to have this legislation passed. Mr. Childs pointed out that as the Board now operates they cannot take advantage of buying situations, i.e. buying merchandise before the price goes up. Representative Dininni then asked Mr. Childs several questions relative to the Board's operating costs and disposition of these extra monies. Chairman Kester brought up for consideration by the Committee House Bill No.1768, Printer's No.2324, which amends "Liquor Code" to authorize that the Board may accept checks or credit cards for liquor sold either at wholesale or retail. Prior law states that liquor shall be sold for cash, but the Board may accept checks for liquor sold at wholesale prices.

Mr. Richard Childs then gave some views and remarks on this particular piece of legislation indicating that he had testified before our Committee last year and this was then brought to light. Mr. Childs indicated that it was felt a credit card arrangement may be advantageous to the Board. He also discussed the ramifications of accepting personal checks, without having some kind of credit rating identification, such as banks use. Several of the Committee Members asked questions relative to how the credit cards and/or checks would be handled. After some discussion on this legislation, Representative Hopkins moved that the bill be reported out of Committee as committed, which was seconded by Representative Noye. Chairman Kester brought up for consideration by the Committee, House Bill Number 1313, Printer's Number 1647, which amends the Liquor Code by allowing the Liquor Board the right to sell liquor to United States Armed Forces facilities on Armed Forces Installations at special prices, such prices to be set at the Board's discretion. Since Representative Cessar was the prime sponsor of this bill Chairman Kester asked him for his comments. Representative Cessar made a few brief remarks, and turned the floor over to Richard Childs from the Liquor Control Board. Mr. Childs indicated that this bill would probably be acceptable to the Board, and can see no reason for objections relative to this legislation.

Mr. Childs of the Liquor Control Board made some remarks on this bill, deliberating on the minor problems it may cause, indicating that this is a special interest bill. Chairman Kester then brought up for consideration by the Committee, Senate Bill Number 711, Printer's Number 1153, which amends Liquor Code as to change the following filing fees: (1) Filing fee for hotel, restaurant and club licenses shall be \$50.00 with renewal fee of \$25.00 (current law - fee of \$20.00).

(2) Filing fee for liquor importer's license shall be \$75.00 with renewal fee of \$35.00 (current law - fee of \$20.00). (3) Filing fee for distributor's, importing distributors, or retail dispenser licenses shall be \$75.00 with a renewal fee of \$35.00 (current law - fee of \$20.00). (4) Filing fee for malt or brewed beverage licenses shall be \$75.00 with a renewal fee of \$35.00 (current law - fee of \$20.00). (5) Filing fees for distillery certificate broker permits shall be \$75.00 with a renewal fee of \$35.00 (current law - fee of \$20.00). (6) Individuals with importers licenses and more than one warehouse must submit an application and filing fee of \$75.00 for each additional warehouse after the initial warehouse covered in his license (current law - fee of \$20.00).

Charles Zaimes, Committee Consultant, said that due to the amount of paper work entailed with the processing of the licenses, the Liquor Board feels they are losing money in the processing of these applications. They feel that the filing fee charges as they are in this bill would put the liquor licenses on a pay as you go basis. It was decided after much discussion that this bill should be tabled until a cost accounting could be taken by the Board to determine the need for increase and the amount of the increase. Representative Caputo moved that the bill be temporarily tabled, which was seconded by Representative Petrarca. On a roll call vote of thirteen (13) yeas / zero (0) nays / and / zero (0) non votes the bill was temporarily tabled by the Committee:
