**DEMOCRAT
LEVER 18-C**

TOM MICHLOVIC . . . **A Leader**

Few politicians these days are willing to take the risk of standing out front on an issue. TOM MICHLOVIC is one of that rare breed we call leaders. Time and again, TOM has led the charge to make government work for the people.

TOM MICHLOVIC challenged the Thornburg Administration on practices of favoritism and corruption in Pennsylvania's coal fields. He's sponsored legislation on plant closings which require advance warning and fair treatment of laid-off employees.

As Democratic Vice-Chairman of the Insurance Committee, he's been a strong voice for the consumer on no-fault auto reform and health insurance. TOM is leading the fight to expand insurance coverage for mental health, drug and alcohol abuse to community outpatient facilities, where the treatment is less costly and more effective.

**If you're looking for a
LEADER in Harrisburg,
keep your eye on
TOM MICHLOVIC**

TOM MICHLOVIC . . . **A Fighter**

It's easy for the fat cats and the bureaucrats to forget about people, but TOM MICHLOVIC hasn't forgotten — that's why he's known around Harrisburg as a fighter.

Time and again, TOM stood tall against the corporations and special monied interests. He challenged U.S. Steel on Conneaut Mill, he fought the out-of-state truckers on a fair share of road taxes, and he's taking on the oil companies over tax loopholes for their foreign subsidiaries.

And, TOM MICHLOVIC is no different when it comes to fighting inside State Government. When you call on TOM with a problem, it's as if that problem becomes his own. He thrives on the challenge of forcing bureaucracy to be responsive. He lets them know who they serve . . . and why.

**Send a FIGHTER
back to Harrisburg,
elect TOM MICHLOVIC
as your legislator.**

TOM MICHLOVIC . . . **A Professional**

Since first elected in 1978, TOM MICHLOVIC has established professionalism and accountability as trademarks of his office.

TOM believes in a good day's work for a day's pay — that's why he has a 100% attendance and voting record. Upon assuming office, he opened a Legislative Service Center which has answered the call of thousands who have had problems with State Government.

To stay in touch, TOM held town meetings in each of his municipalities and each year he publishes an annual "Report to the People". Together with Rep. Ron Cowell, TOM produces "The Harrisburg Report", a monthly television show for local cable T.V. stations.

As the only State House Democrat on the Electronic Data Processing Committee, TOM helped develop a program for shared information systems, which will reduce computer costs by millions of dollars while increasing their capacity.

**TOM serves as a
full-time legislator —
because he's a professional . . .
with no other boss but you.**

TOM MICHLOVIC . . .

Striving for Excellence

As a life-long resident of North Braddock, TOM MICHLOVIC learned at an early age the true meaning of excellence. His Slovak lineage in a family of eleven children demanded it. His accomplishments have proven it.

TOM earned both a Bachelor's degree in Political Science and Master's degree in Public Administration from the University of Pittsburgh.

When his country needed him, he served dutifully and proudly receiving a combat infantry badge and a Purple Heart on the battlefields of Vietnam.

Later, he gained years of practical experience on local problems in towns like Braddock, Turtle Creek, Duquesne and Clairton as a Community Development Specialist for the Turtle Creek and Steel Valley COG's.

Today he continues in that proud tradition as a 2nd term Legislator in the Pennsylvania House of Representatives. He's the Democratic Vice-Chairman of the Insurance Committee and serves on the Mines and Energy Management Committee and the Conservation Committee as well.

Some strive for excellence.

A few achieve it.

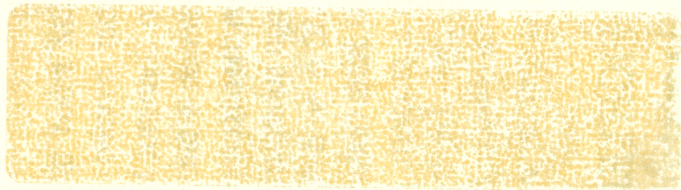

TOM MICHLOVIC
is one of those few.

Due to the reapportionment of House and Senate, the 35th Legislative District now includes the City of Duquesne, Districts 1 and 3 of White Oak, Districts 1, 2, 8 and 14 of Swissvale and Braddock Hills Boro in addition to its former communities of Braddock, Rankin, North Braddock, East Pittsburgh, Turtle Creek, North Versailles, Wall and the Allegheny County portion of Trafford.
