Dear Pro-Life Colleague:

Enclosed please find the picture of our Pro-Life Breakfast gathering. I appreciate very much you finding the time in your busy schedules to hear from Representatives of the Democrats for Life of America. I thought it went very well and I believe that this group will be very helpful to all of us in furthering the protection of life, particularly the unborn.

Dear Fellow Pro-Life Democrat:

*Please excuse the delay in getting this information out to you but
“the best of intentions...”*

*Anyway we had eleven pro-life members of our Caucus join Dan
Lodise, Chapter President of Pennsylvania Democrats for Life and
Barbara Klein Mank, Chairman of the Pennsylvania Board. Although, we
had hoped for a larger turn out we understand the scheduling conflicts
that many of us face.*

*I have attached the information distributed by Dan and Barbara
which I think you might find of interest.*

*A couple of other items: DFLA are forming a PAC to help support
our Members directly; and they plan on rolling the organization out in
very public way with a news conference in May here at the Capitol. The
details of this event are not yet developed.*

The web site listed on the information is very informative and I invite you to visit it often. It provides a variety of pro-life dems organizations activities around the country as well as other pro-life news worthy items. Please feel free to contact Dan or Barbara directly if you have any questions.

TO: Democratic Pro-Life Caucus Members
FROM: Representative Thomas A. Tangretti *TAT*
SUBJECT: Breakfast Meeting
DATE: March 10, 2005

Dear Pro-Life Colleague:

As you know, being a pro-life Democrat is sometimes a lonely position. The Republicans like to suggest in almost all settings that they are the only party that represents the interests of the unborn. They perpetuate this idea of their monopoly, which the media suggests dominates all policy, legislation and elections.

We, of course, dispute that notion vigorously, and have become acutely aware that the tide is turning. Bobby Casey for example, has been given the endorsement to challenge U.S. Sen. Rick Santorum by all the major Washington Democrats, as well as our governor, not because of his terrific record of public service (although he has such a record) but because his pro-life stand.

Additionally, as most of you know, our colleagues at the federal level have organized a Democrats for Life organization, which finally will give all pro-life "D's" a rallying point, and will be a voice for us in establishing our rightful place in the fight against abortion. We have been in touch with that organization and have scheduled the Pennsylvania chapter chairman, Mr. Dan Lodice, to speak to us on March 30, 2005, 8:30 am room 418 the Minority Caucus Room. He will give us an overview of the organization's goals, talk about its increasing enrollment, and outline what they can do for us in our legislative districts and beyond.

Please make every effort to be there. There will be a full breakfast serviced.
