Each of you has learned skills which 3
enable you to join the workforce +
assume your responsibilities as a citizen.
And as you look around your world

despite your fears and anxious moments your, too, will
stand tall in facing the challenges that lie ahead.
Meet these challenges with confidence, determination and you

better to-morrows are fruits of yesterday's
dreams. Dreams are what to-morrows are
made of -

the ultimate challenge I present you
on this special occasion: Don't be afraid
to dream. This Nation's forefathers dreamed
of life in the New World and their children dreamed of a
nation beholden to no other nation -
~~those~~ Those ^{who} were not afraid to dream of a
world free from politics and other devices succeeded in making
our world better. Your dreams don't necessarily have to be
of great magnitude. You can dream of a successful career. And
of personal + family happiness

The Key - regardless of the scope of your
dreams is to have one - as a goal.
of Turning Point you have a firm
foundation upon which to build -

Henry Thoreau said "If one advances

confidently in the direction of his dreams, and endeavors
to live the life which he has imagined, he will meet
with a success unexpected in common hours.

So as you go forth to-night, searching for
your place in society - arm yourself with a ^{vision} vision far
to morrow. And forever remain steadfast in your
pursuit of those goals. Be proud of what you do in life!

of others as have been demanded

afraid to learn.

This is what life is all about..... and

I wish your success in returning your services
for the future.
