Past Supreme Gov - Morse
State Dictator - Dale Wynings
Lodge Gov - Everett H. Fulton
Mayor of W.C. - Tom Chambers
member of Lodge
friend

Today is a significant - special Day in the history of Moose Lodge 908

~~Oct~~ Sept. 25, 1992 marks the grand opening of ^{the relocation of this} ~~this~~ W.C. - Pa. Lodge -

Today - the present - is the link between the future - the past.

The past is significant because you are moving into one of the most historic bldgs in W.C. - a bldg that has stood the test of time

a bldg whose walls ~~are~~ they spoke might give us a laugh or two but would reveal the commitment of the men & women volunteers who served and served well - Now the lodge members will pick

up the challenge of the future - a lodge with its own memories of past achievements - a fraternal and service organization that will not rest on its laurel but will accept the challenge of the future.

The future of the Moose is bright - when asked by Rex

Reagan in 1986 to help combat the problems of drug
abuse in the U.S. — The lodge members of Moose said yes —
will help. Throughout this country the lodge members have
helped organize 68 million people whose goal is to fight
drug & alcohol abuse — Why did the Moose members ^{participate?} ~~participate?~~

Because ~~they~~ you know the future of America rests with the
children of to-day! There are no points of view on this one —
there are no polls — the direction is clear — I commend this
lodge for its dedication ~~to~~ and support of outstanding youth programs.

As we cut this ribbon to-day — we salute the past —
respect the present and accept the challenges of the future!
