

Nov 3rd Election Day

Importance of vote

# Veterans Day - Nov 11, 1987

- For 68 years America has taken time to honor & remember its veterans
- Originally known as Armistice Day - to honor those who served in 1<sup>st</sup> WW - In that "war to end all wars" - 5 million Americans answered the call - 116,000 died.
- Pres. Eisenhower broadened its meaning in 1954 - named it Veterans Day - to honor our veterans of all ages & all wars
- Our veterans deserve our thanks & respect - They were there when they were needed in every stage of our history - Without them we would not be here to-day - With them we have been & continue to be a distinguished nation of free people
- We as a nation have prospered because we've had citizens willing to stand up & answer the call in times of danger - 1<sup>st</sup>
- Direction we must take is clear - Build our own strength, so we can deter war & not so we can win any war we are forced to fight! Never
