MEMORANDUM

SUBJECT: Proposed Legislation – Providing for Traffic Signals on State Roads December 29, 1998

TO: All House Members

FROM: Representative Guy A. Travaglio, Jr. *Get*
11th Legislative District

In the near future, I will be introducing legislation, which will require the State to pay for the installation and maintenance of traffic signals on State roads.

Local municipalities are currently responsible for supplying the funding for the installation and maintenance of traffic signals on state roads. This legislation will require the State to pay these costs. My district lost a \$9M project because the municipality was unable to pay for the costs.

If you would like to cosponsor this legislation, please contact my office at 7-7686.
