Dear Assemblyman Haudenshield:

In these final days before the election, I want to take a moment to wish you success in your important campaign.

Nothing is more important for effective Government in America than to elect the finest men and women possible to our State Legislatures. It is in the State Legislative halls where leadership will be urgently needed in the immediate years ahead.

I am sure your supporters have been working very hard in your behalf, and I encourage them to keep up the good work in these final hours.

I look forward to hearing of your overwhelming victory.

Sincerely,

A handwritten signature in blue ink that reads "Dick Nixon". The signature is written in a cursive, flowing style.
