

LEAGUE OF WOMEN VOTERS
OF ADAMS COUNTY

June 28, 1990

Rep. Kenneth Cole
House P.O. Box 210
Harrisburg, PA 17120-0028

Dear Ken

When talking with you by phone yesterday regarding the amendment to the wetlands legislation I had intended, but forgot, to tell you that we very much appreciate your support of merit selection for judges.

We recognize that it takes backbone for a legislator to take a stand on principle on the minority side - very minority in this case - of an issue. We appreciate the fact that you supported what is a priority League item.

Your letters to all our local League members, apparently, were much appreciated. You might like to know that one of our new members, resident of Adams County for only about 6 months, was greatly impressed that our state representative would do this. She said that never happened in Staten Island, NY, where she lived previously. - *You obviously made a friend!*

Thanks again for the vote on merit selection and for your willingness always to lend an ear to your constituents.

Sincerely,

Althea Schildknecht, Co-President
LWV of Adams County
